Application is hereby made to obtain a permit to do the work and installations as indicated. I certify that no work or installation has commenced prior to the issuance of a permit and that all work will be performed to meet the standards of all laws regulating construction in this jurisdiction. I understand that a separate permit must be secured for ELECTRICAL WORK, PLUMBING, SIGNS, WELLS, POOLS, FURNACES, BOILERS, HEATERS, TANKS, AIR CONDITIONERS, and etc.

NOTICE: Washington County Building Department does not have the authority to enforce deed restrictions or covenants on properties. You are advised to check for any restrictions that may affect your property.

A certified copy of the Notice of Commencement must be provided to Building Department and posted on the jobsite before the first inspection can be performed.

The enforcing agency shall require each building permit for the demolition or renovation of an existing structure to contain an asbestos notification statement which indicates the owner's or operator's responsibility to comply with the provisions of Section 469.003, *Florida Statutes*, and to notify the Department of Environmental Protection of his or her intentions to remove asbestos, when applicable, in accordance with state and federal law.

IMPORTANT: The building permit is valid as long as there is construction progress and an approved inspection is recorded within each 180 days (6 months) period.
