### Answers to Questions are as follows:

1. The RFP states that it is for state lobbying services, but I noticed a few places that referenced serving as liaison with Congressional delegation and facilitating meetings with members of Congress. Could you provide more information on the expectations of federal representation under this state lobbying services contract?

**Response: Federal Lobbying is not the primary mission of the selected firm but may be needed from time to time.**

2. Under 2.4 A, a list of elected officials with which we have connections to is requested. Is this list intended to be specific to each team member listed or a list for who our firm has connections with?

**Response: Firm.**

3. Additionally, as to the structure of the response, is one summary that addresses 2.4 A-I requested, or should the response list individual answers to each bullet point even if duplicative of above provided information? Similarly for 2.5 A-C.

**Response: Yes.**
